### A DECISIVE VICTORY.

THE INTERIOR JOURNAL took no hand in the contest for the circuit judgeship just closed, regarding it as no part of the duty of a party paper to take sides in a contest between democrats. Both candidates are our personal friends and we did not want to place ourselves in a position where we could not support either in the final race for the office, without a charge of insincerity. Of the nominee, Judge Micah Chrisman Sauley, we have always entertained the highest admiration as a lawyer, as a man and a democrat, and it will be no less a duty than a pleasure to do all in our power to secure his election. As a jurist he has been tried and found not wanting in the slightest particular, and when he again assumes the ermine, as he is sure to do, it will be with maturer judgment and a fuller appreciation of right and justice. The party and the district are to be congratulated on securing the services of a man so competent for the fullest discharge of the responsible office which he will fill. Of Judge Sauley it may truthfully be said that he was as brave and true in war as he has been useful and deserving in peace. He has filled many stations in life, always with credit, and his friends rejoice that he will be able to round out a long and honorable career in a position that fits his talents, his accomplishments and his fitness so eminently qualify him. That he is so largely the choice of the people of the district must be a matter of great pride to him as it is an omen of certain victory for the party. Let us all now forget the asperities of the contest, let by-gones be by-gones and each democrat of us constitute himself into a committee of one to make Judge Sauley a majority in the final contest as great as it was in the preliminary skirmish.

Few are aware of the magnitude of the beet sugar industry. Last year the farmers raised nearly five million tons, for which they received about twenty-two million dollars, or \$5.35 a ton. In 12 years \$121,000,000 have been paid by the factories for beets. There are 64 beet sugar factories in the country with a capacity of 50,000 tons of beets per day and they cost over \$70,000,000. Factories are successfully operated in 16 States. Last year the production was nearly 200,000 tons of beet sugar. It is not regarded to be as good as cane sugar but it serves every practical purpose and helps to provide for the ever increasing sugar consumption.

SENATOR PAYNTER'S speech urging the repeal of the six cents tax on tobacco was a very strong one, but we are afraid it fell on unwilling ears. The republican majority will hardly permit this much deserved relief, especially since it would principally help the Southern raisers. However, if Senator Paynter should succeed in his efforts for the farmers, it will be a famous victory and entitle him to the plaudits of every man who raises the weed.

EDITOR ROOSEVELT says in the Outlook that Count Tolstoy is a "moral pervert" and that his works have a tendency for evil. When it is remembered that the count wrote a letter commending Bryan for the presidency, the milk in the coconut can be accounted for.

INSTEAD of going West, young man, go to Washington. It may not be as easy to carve out a fortune there but it will be easier to get a wife, if we are to judge by the large surplus of women. The latest census shows that the women outnumber the men 15,425.

THE Pennsylvania lines of railroads operating 23,000 miles, carried 141,659,543 passengers last year without the sacrifice of a single life and the wounding of only 102. The careful operation has never been equalled in the history of railroads.

As usual it is given out that all the Delaware peaches are killed, but there is compensation this time. The little State has just begun to harvest the largest crop of strawberries in its history, estimated at 20,000,000 quarts.

THOMAS L. HISGEN, who, as the candidate of the Independent party for president last November, polled 83,183 votes, has given out a statement announcing in effect that hereafter he will act with the democratic party.

THE little Dutch heir to the throne in Holland has been named Juliana Louise Emma Marie Wilhelmina. It is doubtful with such a name that the poor little thing will ever be raised.

THE Chicago woman who sued her faithless fiancé for \$50,000 for breach of promise, got a verdict of 30 cents and felt even smaller than that when it was rendered.

PARIS physicians say that if women want to preserve facial beauty they must talk very little. That's what we have been trying to beat into their heads.

The Senate has reached an agreement on all sections of the metal schedule of the tariff bill.

A MONUMENT to Commander Wirz has just been unveiled at Andersonville, S. C., near the site of the famous war prison, erected through the efforts of the Daughters of the Confederacy, and some of the Northern papers are howling like sheep killing hounds. The horrible conditions existing at the prison in which 13,000 Yankee prisoners died and many others were incapacitated for life, have long since been shown to have been beyond the power of Capt. Wirz to prevent and that his execution by order of a drum head court martial was as much a murder as the hanging of Mrs. Surratt for alleged complicity in the assassination of Lincoln. Capt. Wirz was the victim of circumstances and not the fiendish brute that he has been pictured. The whole South was bordering on starvation when Andersonville furnished its horrors, for which the captain was held responsible. The long delayed tribute to him and testimonial of his integrity are gratifying to every one who realizes that he was sacrificed to appease a desire for revenge that nearly 44 years after his execution finds lodgment in the breasts of very few of those who knew that he did the best he could have done under the circumstances.

MEMPHIS is preparing to make the Confederate reunion, to be held there June 8-10, the greatest of all the series. The dwindling number of the gallant hosts that went to battle for home and rights, the destruction of which they thought was threatened, indicate that but few more of these reunions will be held. Most of the survivors are either past or nearing the allotted span of life and before many years all who fought for the Lost Cause will have crossed over the river to rest with Jackson under the shade of the trees. The larger number of them were great in war and useful in peace and their going will create a void which will be hard to fill. May they be reunited in the land where war and its hardships are never known.

MAYOR GRINSTEAD had no trouble in securing the republican nomination for mayor of Louisville, but just wait and see what the democrats will do for him in November.

### POLITICAL.

The Negro disfranchisement bill on Wednesday received its final defeat in the Florida House.

Senator Bradley introduced an amendment to the tariff bill, which he believes will give relief to the tobacco growers.

The local option bill giving cities and villages the right to vote on the saloon question regardless of the township vote was passed by the Illinois House.

The News-Democrat of Paducah strongly mentioned Charles K. Wheeler, of that city, as a probable candidate for the Democratic nomination for Governor.

Gov. Hughes has vetoed the Allan bill, which proposed a bond issue of \$2,000,000 to provide a pension of \$6 per month to veterans of the Civil War who enlisted in New York State.

President Taft has decided to appoint Oscar L. Whitelaw as assistant treasurer of the United States at St. Louis to succeed T. J. Atkins, recently appointed postmaster at that place.

Think of it, Aldrich, of Rhode Island; Gallinger, of New Hampshire; and Smoot, of Utah, representatives of three of the least important of the States, determining what the taxes of the country shall be!—Indianapolis News.

Secretary Wm. B. O'Connell, of the State Tax Commission, issued for Chairman James Breathitt and Advisory Chairman Thomas A. Combs, an address to the citizens of Kentucky requesting suggestions for the revision of the State's plan of raising revenue and how taxation laws may be improved.

The statements recently made by Senator Hale and others of the Aldrich clique that jobbers and retailers were responsible for the high prices and not the manufacturers, was responsible for the introduction of a resolution by Senator Gore demanding an investigation to determine where the fault lies. After a lively debate, Senator Hale, by a point of order, delayed a vote on the resolution.

The deep anxiety for the welfare of the general public shown by the Aldrich gang in framing the tariff bill calls to mind the solicitude for the comforts of the poor manifested at a rich man's banquet. Everyone had fared sumptuously, and all were happy. Finally some one mentioned that in their round of pleasure they had overlooked the poor. The oversight was immediately corrected by a philanthropic brother proposing "three cheers for the poor."
